The philosophy of Breaks is simple.

We carefully select family-owned businesses to supply us with only the finest products and meats. Our suppliers are not only our purveyors, but they have also become our friends. Their individual stories are amazing, and the products they supply are nothing short of wonderful.

While we are committed to the highest quality food and beverage items, we are also committed to serving them with a sense of warmth and friendliness. We take pride in promoting a culture of putting people first, while fostering a generous, caring, and optimistic outlook to the community we call home—Hays.

In our busy lives, we all need a break to relax and enjoy. When you take your break with us, you can trust that our dedication to quality and service is always at its best.
